To Whom It May Concern,

This letter serves to confirm that **[Your Company Name]** is a **downstream user** under both the **UK REACH Regulation** (Regulation (EC) No 1907/2006 as retained in UK law) and the **EU REACH Regulation** (Regulation (EC) No 1907/2006).

As a downstream user, we do **not manufacture, import, or sell** any chemical substances on their own or in mixtures. Instead, we rely on our suppliers for the supply of substances and products that may be covered by REACH.

We confirm the following:

1. **Non-manufacturing and Non-importation:**

We do not manufacture or import chemical substances into the UK or EU in quantities that would trigger registration obligations under REACH.

2. **Substances Used in Articles:**

Any substances we use, including those of very high concern (SVHCs) that may be listed on the UK and/or EU Candidate List, are solely present as part of **articles** or **assemblies** supplied by our suppliers.

3. **Supplier Responsibilities:**

We depend on our suppliers to meet their obligations under REACH, including the registration, authorization, and communication requirements. We ensure that substances used in our products are compliant with applicable UK and EU REACH requirements, as per the information we receive from them.

4. **SVHC Notification:**

If any substances on the UK and EU REACH Candidate Lists are present in any products or articles above the relevant threshold (0.1% by weight), we commit to providing the required notification to our customers in accordance with Article 33 of both UK and EU REACH.

5. **Risk Management and Safety Data Sheets:**

We carefully assess and manage any potential risks associated with chemicals used in our operations, relying on Safety Data Sheets (SDS) and other information from our suppliers to implement the necessary safety and compliance measures.

We remain committed to ensuring that our operations comply fully with both UK and EU REACH regulations and to maintaining clear and open communication throughout the supply chain.

Should you have any further questions or require additional information, please do not hesitate to contact us.

Sincerely,

Dave Humphrys
